**ADMINISTRATIVE LAW JUDGE'S RULING
GRANTING MOTION FOR LEAVE TO FILE UNDER SEAL**

On April 17, 2003, SBC California filed a motion for leave to file certain portions of its comments on Directory Assistance Listing Information Service (DALIS) costs and prices as confidential materials under seal pursuant to Commission General Order 66-C and Public Utilities Code Section 583. SBC California indicates that it has consistently designated such company-specific network and cost information as confidential and proprietary in the discovery phase of the proceeding, making it available to parties other than Commission staff only under the protection of a nondisclosure and protective agreement. SBC California asserts that such information is highly relevant to competitive marketing and pricing strategies for those services, and warrants proprietary treatment.

No parties filed responses opposing the motion to file under seal.

IT IS RULED that:

1. Good cause having been shown, the motion is hereby granted to file under seal the designated portions of the DALIS comments of SBC California, filed April 17, 2003.

2. The designated confidential materials shall remain under seal and shall not be made accessible or disclosed to anyone other than Commission staff except on further order/ruling of the Commission for a period of two years from the date of its filing unless movant makes a timely request for extension of the confidential treatment beyond two years by filing a separate motion with good cause shown.

3. Parties intending to include proprietary data from the SBC submission in their pleadings shall do so by filing the unredacted versions of their comments under seal with the Docket Office. Redacted nonconfidential versions of such documents shall remain part of the public record.

Dated June 24, 2003, at San Francisco, California.
